Syntax review 1 (solutions)

Compare your solutions with the ones provided below.

Exercise 1

```
function add(firstNumber, secondNumber) {
    return firstNumber + secondNumber
}

// Sample usage
add(1, 2) → 3
add(3, 2) → 5
```

Exercise 2

```
function multiply(a, b) {
    return a * b
}

// Sample usage
multiply(1, 2) → 2
multiply(2, 2) → 4
```

Exercise 3

```javascript
function double(x) {
    return x * 2
}

// Sample usage
double(2) → 4
double(5) → 10
```

Exercise 4

```javascript
function nextDecade(year) {
    return year + 10
}

// Sample usage
nextDecade(2020) → 2030
nextDecade(2000) → 2010
```

Exercise 5

```javascript
function nextYear(year) {
    return year + 1
}

// Sample usage
nextYear(2000) → 2001
nextYear(2020) → 2021
```
